## PROFESSIONAL SUMMARY

- Full-stack developer with expertise in modern web technologies and database design.
- Proven track record of building scalable applications using React, Node.js, and MongoDB.
- Strong background in API integration, mobile development, and agile project management.
- Passionate about creating innovative solutions and solving complex technical challenges.

## TECHNICAL SKILLS

- **Frontend Development:** React, React Native, Next.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS
- **Backend Development:** Node.js, Python, C#, RESTful APIs, API Integration
- **Database Technologies:** MongoDB, SQL, MySQL, Oracle, Firebase, Supabase
- **Mobile Development:** React Native, Expo, MAUI
- **DevOps & Tools:** GitHub, Docker, Linux, VS Code, Vercel
- **Data & Analytics:** R, Tableau, Python (Data Analysis)
- **Project Management:** Agile, SDLC, Trello, GitHub Project Management

## KEY PROJECTS

### Project Manager & Volunteer Full-Stack Developer 01/2025 – Present

#### SAIT - Destination History Mobile Application

- Lead cross-functional team of 5 developers using Agile methodologies to build innovative travel application for Alberta's secondary tourism markets.
- Develop full-stack features using modern web technologies with MongoDB database integration.
- Implement AI-driven trip planning capabilities through RESTful API integration.
- Manage complete SDLC from requirements gathering through deployment.

### Team Developer 04/2025

#### Mood Hops – Mobile Platformer Game

- Collaborated on React Native mobile game development using Expo platform.
- Built custom physics engine utilizing Expo Haptics and mathematical components for camera movement and jump mechanics.
- Implemented platform physics and responsive touch controls for engaging gameplay experience.
- GitHub: <https://github.com/rsroman9800/wardrobe-app>

### Solo Developer 12/2024

#### StyleGuide – AI-Powered Fashion Web App

- Built responsive web application providing personalized clothing recommendations using Next.js framework.
- Integrated Groq AI for intelligent outfit suggestions based on user preferences and local weather data.
- Implemented Firebase authentication and database storage for user management.
- GitHub: <https://github.com/rsroman9800/wardrobe-app>

## WORK EXPERIENCE

---

### Advisor / Executive Assistant – Calgary, AB

11/2022 – Present

*Alberta International Medical Graduates Association (AIMGA)*

- Analyze datasets from 1-on-1 consultation and workshop data to identify trends, improve service delivery, and provide valuable insights for funding reports.
- Assist with developing reports for staff providing key information on success rates of programs and services, improving data accessibility by 40%.
- Collaborate with teams to coordinate training and document data-driven improvements.

### Taxpayer Services Agent – Calgary, AB

09/2021 – 07/2022

*Canada Revenue Agency (CRA)*

- Utilized database systems to analyze and resolve 20+ complex inquiries daily with over 90% accuracy.
- Interpreted complex datasets (e.g., accounting history, transaction history) to provide actionable insights to taxpayers.
- Applied analytical skills identifying patterns across cases while maintaining data confidentiality to outline general trends to team leader during weekly meetings.

### Appeals Coordinator – Burnaby, BC

05/2020 – 12/2020

*Internship at BC Housing*

*Promoted from Application Assistant to Appeals Team Member to Appeals Coordinator*

- Managed daily processing of 160+ subsidy applications through database systems, ensuring attention to detail through accurate data entry and validation of landlord payment information while maintaining organizational standards.
- Showcased strong analytical skills by transforming raw data into insights of housing subsidy programs using MS Excel, creating comprehensive reports that helped identify trends and areas for process improvement.

## EDUCATION

---

### Southern Alberta Institute of Technology (SAIT) – Calgary, AB

01/2024 – Present

*Software Development Diploma | 4.00 GPA*

- Focus: Full-Stack Development, Database Design, Agile Methodologies

### University of British Columbia – Vancouver, BC

09/2016 – 05/2021

*Bachelor of Arts | 4.10 GPA, High Distinction*

## CERTIFICATIONS

---

### Google Data Analytics Professional Certificate

05/2025

*Expertise in data visualization, business intelligence, and stakeholder presentation*

## ADDITIONAL INFORMATION

---

**Languages:** English (Fluent), Russian (Fluent), French (A2)

**Interests:** Ice Hockey (WRAHL League), Multi-instrumental Musician (Guitar, Bass, Drums, Piano)
